# A Message from the Director of Insurance

Governor Brewer and Members of the Arizona Legislature:

I am pleased to provide the 2011/2012 Annual Report of the Arizona Department of Insurance (ADOI). Financial

solvency of insurers doing business in our state and protection of Arizona consumers are the ADOI's key responsibilities. In fiscal year 2012, the ADOI helped thousands of Arizona consumers by responding to insurance complaints, resolving insurance company disputes, and recovering over \$7 million in claim settlements, insurance transaction refunds and restitution.

The ADOI's vision is to set a standard of excellence for insurance regulation. ADOI will make this vision a reality through professionalism, quality, leadership, and efficiency. I am committed to the continued economic development of the insurance market, and a vibrant insurance market depends upon Arizona insurance consumers' confidence in the industry's strength.

The insurance industry is a large and integral part of Arizona's economy; the industry provides thousands of jobs, generates hundreds of millions in premium taxes, and delivers valuable services that keep businesses operating when losses occur. ADOI monitors the financial health of this vital industry to ensure that our insurance companies remain viable and solvent. In 2011, the 1,818 insurance companies licensed in Arizona collectively wrote over \$24.5 billion in premiums. ADOI supports the economic development of the Arizona insurance industry by ensuring "speed to market" access of new insurance products, and by encouraging competition among insurers.

The ADOI collects insurer fee and assessment revenues that reimburse its General Fund appropriation. In fiscal year 2012, the ADOI collected and remitted almost \$394 million in insurance premium tax revenues to the General Fund, plus \$28.3 million to firefighter and public safety retirement funds.

A balanced approach to insurance regulation compels all insurance market stakeholders to work together to further our mutual goals: protecting the interests of Arizona insurance consumers, continuing to strengthen and modernize the state-based regulatory system, enhancing our operational efficiencies, and fostering a sound, competitive and market-responsive insurance industry, both nationally and globally.

I wish to extend my sincerest gratitude to everyone at ADOI for their support and their commendable service to Arizona's insurance community.

Sincerely,

Germaine L. Marks Director of Insurance

# CONSUMER AFFAIRS DIVISION

Mary Butterfield...... Assistant Director
Catherine O'Neil...... Ombudsperson
Mary Kitterman..... Market Assistance Manager
Susana Lesmeister...... Health Care Appeals Manager

The mission of the Consumer Affairs Division is to assist, inform, and protect Arizona insurance consumers. The Division is comprised of three sections: Consumer Services, Health Care Appeals, and Market Oversight. The Division provides a full range of consumer information and assistance in response to written, telephonic and walk-in requests, ranging from one-on-one assistance to individuals and businesses, to providing informative publications such as premium comparisons and insurer complaint ratios. The Division also assists with insurance-related education and outreach and helps Arizona businesses locate difficult to find liability insurance.

The Division received, investigated and responded to phone requests, e-mails and formal complaints from the Governor on behalf of her constituents on a wide range of insurance issues. Among other things, constituents needed assistance in getting immediate access to health care, staving off collections of unpaid medical bills that should have been paid by their health insurer, and resolving home and auto insurance claims. In other cases, constituents needed explanations of various insurance laws including the new federal Patient Protection and Affordable Care Act (PPACA). Many inquires relate to laws applicable to long-term care insurance, insurers' ability to use

credit in rating and underwriting auto and home insurance, and requirements governing insurers' investigation and settlement of insurance claims.

Enactment of the PPACA requires us to monitor federal laws and conduct research to provide training to our staff to enable them to respond to the many additional calls and inquiries from consumers and other interested parties. Training is ongoing as some of the new laws were effective March 23, 2010, while other laws, regulations and requirements are effective at various times over the next several years.

### **Consumer Affairs Highlights Fiscal Year 2012**

- Assisted in settlements and recoveries for Arizona consumers totaling \$7,100,757.37and assessed a \$10,000 civil penalty.
- ♦ Answered 28,412 telephone inquiries
- ♦ Processed 5860 written complaints
- Assisted 379 consumers in person at the Department
- Assisted 157 consumers in finding difficult-to-place commercial liability insurance coverage

The Division also assisted federal and state elected officials with responses to insurance questions from their constituents. Our range of responses included verbal explanations to the elected official or staff on general insurance issues with a specific response to the consumer's questions, review of the regulatory and statutory issues with written explanations of our findings, and full blown investigations with written responses to the elected officials and/or their constituents.

#### **Consumer Services Section**

The Consumer Services Section is the insurance consumer's main point of contact with the Department providing critical assistance to Arizona's insurance consumers. They receive, investigate, and resolve complaints and must be knowledgeable about every kind of insurance, including all state and federal programs such as AHCCCS (Medicaid) and Medicare. Complaints and inquiries may be about life insurance, annuities and disability as well as health insurance provided by HMOs and PPOs and various types of dental and vision plans. Complaints about automobile, homeowners, title insurance, property, worker's compensation, surplus lines and various types of commercial and liability insurance are also handled by the staff. Division personnel responded to over 28,412 phone calls, personally met with 379 members of the public, and handled 5,860 written complaints and requests for information and assistance. In fiscal year 2012, the Division assisted consumers in recovering more than \$7 million from insurance companies. The Division assessed a civil penalty of \$10,000 against one company after investigating a complaint where it found that the company, through its contracted administrator, denied more than 11,000 claims without notifying its members of their right to appeal the denials.

The Division reduced its phone service hours to increase the time staff has to work on complaint files. This reduction was one of the measures we implemented following the 2009 budget and staff reductions. Each staff person has an average caseload of nearly 300 complaints and this necessarily increases complaint processing time. Regrettably, this means Arizona consumers must wait longer to receive their complaint resolution (an average of 5 to 6 months for written complaints), which may include premium refunds, claim payments or reinstatement of essential insurance policies.

Consumer Services staff traveled to various areas around the state to assist Arizona residents with insurance problems and questions during the wildfires near Sierra Vista, Springerville and Crown King. They also attended Department of Emergency Management workshops.

The Division receives complaints from individuals covered by various Medicare programs and Medicare related insurance products. We must consider both federal and state laws when we resolve these complaints. The ADOI, along with the insurance departments of most other states, has a Memorandum of Understanding (MOU) with the federal Centers for Medicare & Medicaid Services (CMS). The MOU permits information-sharing related to the financial status and complaints about health insurers that contract with CMS, as well as the individuals who solicit and market health plans to Medicare beneficiaries in Arizona. ADOI forwarded CMS information about 71 complaints against Medicare health plans during FY 2012. CMS sends the Department information they receive about agents and sales representatives who market Medicare related products to Arizona residents.

The Health Care Appeals Section administers Arizona's health care appeals law which requires all health insurers to have a multi-tiered process in place through which consumers may appeal insurer claim denials or denials of services, either on an expedited or standard basis including the right to an external independent review.

The Market Oversight Section uses a wide range of research, analysis, and examination tools to evaluate insurer marketing, rating, underwriting, claims settlement practices, cancellation/non-renewal, and other conduct in the marketplace. These tools help determine the most effective response to unlawful conduct. Market Oversight also conducts ongoing thorough and efficient market analysis using surveys and reports.

### **Health Care Appeals Section**

The Health Care Appeals Section administers the 1997 legislation which created a uniform process for Arizona health insurance consumers to appeal insurer claim denials<sup>1</sup> or requests for services<sup>2</sup>. The appeal process affords the insured an unbiased. independent, external level of review administered by the Department.

In general, the health care appeals law<sup>3</sup> provides a three-tiered process for insured members to contest denied claims or requests for service. Most appeals follow the standard appeals track, although the law provides an expedited track mirroring the standard process except for significantly reduced time frames at each level. To be eligible for

to cause a significant negative change" in the medical condition at issue in the appeal.

The insured member must exhaust the insurer's internal appeal steps (usually both levels one and two) before requesting external independent review; however, an insurer may choose to accelerate a case to external review at any of the internal levels. The last level of this process allows for a review that is external and independent of the health insurer. Once again, there are two distinct tracks that an external review can follow. If the case concerns a denial

If the case involves a medical necessity issue, an independent medical review organization makes the final determination. The Department contracts with several independent review organizations (IROs) through the state procurement process. For each medical case, the Department selects a reviewer from its list of IROs, sends the case to the selected IRO who completes its medical review and sends its

<sup>&</sup>lt;sup>1</sup> A denied "claim" occurs when a person has already received care, submitted a claim for payment, and the insurer refuses to pay all or any portion of the claim.

A denial of "service" occurs when a person has requested a health care service or a referral to a specialist and the insurer refuses to pre-authorize the service. Thus, the desired service has not yet been rendered at the time of the appeal.

A.R.S. §§20-2530 through 20-2541.

recommended decision back to the Department for final written determination. The health care insurer has no direct relationship or contact with the IRO at any time during the independent review process. The Department bills the insurer for the cost of the medical review and maintains a revolving fund to pay the IRO fees on a case by case basis. This final medical determination is subject to judicial review, and cannot be appealed to the Office of Administrative Hearings.

Only appeals taken to the third level come to the Department for external review. The external review component of this mandated process provides Arizona health insurance consumers with a valuable, user friendly dispute resolution mechanism that is expeditious and inexpensive. A significant number of appeals are overturned by the insurer during the first two levels of appeal.

The new federal laws (PPACA) include a requirement that all health insurers provide the right to request an external independent review of denied claims or services. Certain provisions of PPACA conflict with existing Arizona laws that have been in place since 1997. The Division worked with the US Dept of Health & Human Services (HHS) to assure that the State of Arizona maintains it authority to oversee the External Independent Review Program. On July 29, 2011 HHS notified the Department that it will permit the State of Arizona to continue to administer this program for the benefit of Arizona insurance consumers until at least 2014 as long as the State does not reduce the consumer protections in its external review process below the level applicable as of July 29, 2011.

### Licensing

Our mission in the Licensing Section is to provide efficient, effective and quality insurance licensing services to producers and other insurance-related service providers. We ensure that insurance license candidates meet all qualifications before issuing or renewing a license. We review and analyze applications for professional-services licensure, maintain and access agency-specific and national licensing databases, obtain criminal history information on certain applicants, maintain electronic and physical license files, and administer contracts for pre-license examination services and for continuing education provider and course certification.

### **Licensing Section Performance**

Although the professional services licensing population grew by 4.7% during Fiscal Year 2012<sup>1</sup>, we continued to operate efficiently, reviewing license and renewal applications in an average of only 1.8 licensing time frame days<sup>2</sup>.

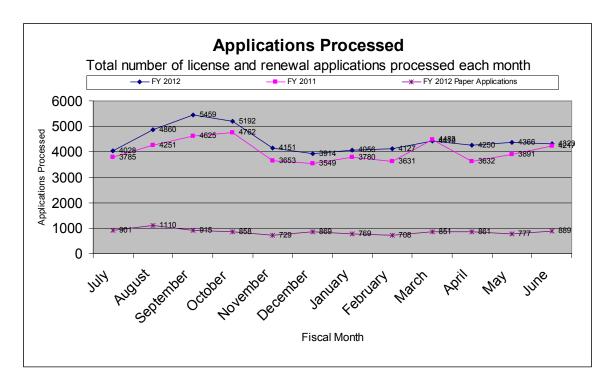

The following charts illustrate our licensing cycle time and application processing workload during the last two fiscal years on a monthly basis.

 $^{\rm 1}$  From 169,875 at June 30, 2011, to 177,834 at June 30, 2012.

\_

<sup>&</sup>lt;sup>2</sup> "Licensing time frame days" are the "overall time frame" days, as defined in A.R.S. §41-1072(2), minus the days that the overall time frame is suspended in accordance with A.R.S. § 41-1074(B).

### **Electronic Licensing**

IPLUS, the Insurance Professional License Update System, continues to be extremely successful and it processed 80% of individual license renewals during FY 2012. IPLUS allows us to focus on more substantive responsibilities and has dramatically helped reduce the impact of reduced staffing amidst statewide economic and budget concerns. From the **IPLUS** (http://iplus.azinsurance.gov). individual insurance professionals can update address and telephone number information and, in many cases, can renew licenses. IPLUS automatically updates the Department's database information and immediately reflects all changes on the insurance professional's license record over the Internet.

IPLUS customers are overwhelmingly satisfied. In customer responses to IPLUS satisfaction surveys administered during FY 2012...

98.4% say that IPLUS is easy to use.

98.1% say they would recommend IPLUS to others.

90.5% say they are very satisfied with IPLUS.

For insurance professionals, IPLUS is faster and easier than submitting paper documents to us. Insurance companies and the public benefit from information that is immediately updated, without delays that might otherwise occur because of workload backlogs here at the Department. IPLUS is not able to process license renewals for business entities.

In addition to renewal applications from IPLUS, we receive initial and renewal license applications for individuals and business entities electronically from the National Insurance Producer Registry (NIPR).

NIPR's Electronic Non-resident Licensing ("ENRL") system allows virtually all applicants who are residents of other states ("non-residents") to immediately obtain an Arizona non-resident license if they are licensed in good standing in their home state and do not have administrative or criminal background on which we may deny a license. During FY 2012, the ENRL system automatically processed 21.598 non-resident license applications in minutes.

NIPR's Electronic Resident Licensing ("ERL") system expedites the licensing process for Arizona-resident individuals who pass required insurance examinations to apply and pay for insurance licenses online. Residents must typically supply the Department with fingerprints, evidence of license eligibility and other requirements that an applicant cannot satisfy online. The ERL system processes an applicant's license fees and licensee data automatically. Our Licensing Section matches the applicant's physical documents to the electronic application and, when possible, promptly issues a license. During FY 2012, ERL helped us process 1,435 license applications in an average of less than one day from the date we received the applicant's physical documents.

NIPR's Electronic Renewal System ("ERS") allows all resident and non-resident individuals and business entities to submit their license renewal applications electronically. All ERS applications are reviewed by licensing staff. Applications that do not require additional information are processed upon review. Applications that do require additional information are held for review of additional documentation. The ERS system processes an applicant's license fees automatically; the renewal of the actual license is still processed manually. During FY 2012, ERS helped us process 7,126 renewal applications in an average of less than three days from the date we received the application and/or the applicant's physical documents.

### **Changes to License Requirements**

**Bail bond agent licensing requirements** in A.R.S. § 20-340.01 were amended by Laws 2011, Ch. 171 (House Bill 2109), which took effect July 20, 2011. Consequently,

- 1. A bail bond agent applicant must now submit an affidavit attesting to the applicant's residency in Arizona for at least one year immediately preceding the date of the application.
- The Department must wait until after an applicant's fingerprints are processed by the Department of Public Safety and the Federal Bureau of Investigations before issuing a bail bond agent license. Fingerprints can take up to 16 weeks to be processed.

**Adjuster licensing requirements** in A.R.S. § 20-321 were amended by Laws 2011, Ch. 237 (Senate Bill 1400), which took effect July 20, 2011. The law specifies additional exemptions from adjuster licensing; no longer requires an

adjuster to maintain a publicly accessible office in Arizona where records of Arizona transactions are kept; and provides for licensing reciprocity for non-resident adjusters, eliminating the need for a non-resident adjuster to pass a prelicense examination.

Life settlement contract requirements, established as Title 20, Chapter 22 by Laws 2011, Ch. 297 (Senate Bill 1461), will take effect September 30, 2013. The law will require a life insurance producer to submit a form and pay a fee within 30 days of operating as a life settlement broker, and to renew the life settlement broker license every four years.

### Licensing Highlights for Fiscal Year 2012

- ◆ Processed 29,630 new license applications, a 6.8% increase from the prior fiscal year.
- Received 23,033 new applications electronically, 77.7% of all new applications received during Fiscal Year 2012.
- Processed 23,514 license renewal applications, a 12.8% increase from the prior fiscal year.
- Received 19,520 license renewal applications electronically, 83% of all renewal applications received during Fiscal Year 2012.
- Reviewed license and renewal applications in an overall average of 1.8 licensing time frame days<sup>2</sup>.

### BUSINESS SERVICES

Barbara A. Beltran ...... Business Services Supervisor
Mary E. Jordan ...... Accounting Manager
Tamika Walton...... Tax Unit Supervisor

The mission of our Business Services Section is to procure, provide and pay for the goods and services needed to support efficient and effective agency operations, and to assess and fully collect taxes, fees, assessments and other revenues prescribed by Arizona law. We oversee employment and benefits issues; coordinate employee recruitment and orientation; purchase supplies, equipment and services; pay contractors, vendors and employees; collect, audit and deposit over \$400 million in taxes, fees and assessments annually; maintain and reconcile accounting records, and plan expenditures and cash flows for eleven different funds; distribute and post mail; coordinate office space planning and facilities issues; and, oversee the Department's loss control program.

### New for 2011-2012

Transaction reporting and tax requirements for unauthorized insurance were modified by Laws 2011, Ch. 136 (House Bill 2112). Prior to the law, which took effect July 20, 2011, a surplus lines broker or industrial insured may have been required to report one transaction to multiple states if the transaction was for a policy of insurance from an unauthorized insurer and the policy covered risks that resided in more than one state. With the new law, a surplus lines broker or industrial insured only needs to report a transaction to Arizona and only pays tax to Arizona when Arizona is the insured's home state. The law changed transaction reporting and tax payment due dates.

### **Business Services Highlights** for Fiscal Year 2012

- ♦ We deposited over \$407 million in revenue into the State General Fund more than 76 times the Department's \$5.3-million ending General Fund appropriation for FY 2012.
- ♦ We worked in partnership with The Surplus Line Association of Arizona ("SLA-AZ") to make it substantially easier for brokers to be made aware of tax delinquencies and to file delinquent tax reports.
- ♦ We automated the reconciliation of surplus lines broker transactions to tax payments, facilitating timely tax audits.
- ♦ We worked with SLA-AZ to implement Laws 2011, Ch. 136 (see "Transaction reporting and tax requirements for unauthorized insurance," above).
- ♦ We processed 99.5% of payments to vendors in 30 days or less.

# FINANCIAL AFFAIRS DIVISION

Kurt Regner .......Assistant Director
Scott Persten ...... Chief Financial Analyst
David Lee ..... Chief Financial Examiner
Cary Cook ...... Chief Financial Compliance Officer

The mission of the Financial Affairs Division is to oversee regulation of licensed insurers, identify licensed insurers engaged in unsound financial practices and to require those companies to take corrective actions so that they comply with regulatory standards. License applications are reviewed by the Division to ensure that certificates of authority are issued only to those insurers in sound financial condition. In fulfilling this mission, the Division analyzes periodic financial filings for quantitative and qualitative information, obtains data from other regulatory and public sources and conducts formal on-site financial examinations. Required filings include annual and quarterly financial statements, annual holding company registration statements, and audited financial reports. If the Division identifies deficiencies from analysis of available information, the insurer may be required to prepare and implement corrective action plans and/or appropriate enforcement action may be taken. The Division also reviews and must approve the acquisition, merger or withdrawal of an insurer and certain transactions between an insurer and affiliated entities.

In conducting the financial oversight of insurers, the Division is subject to standards for effective financial regulation promulgated through the National Association of Insurance Commissioners (NAIC). The NAIC accredited the ADOI as compliant with NAIC standards in 2008 and requires annual interim accreditation reports in addition to a full accreditation review every five (5) years. Assistant Director Kurt Regner leads the Division, organized into four sections: the (1) Financial Surveillance Section; (2) Examinations Section; (3) Captive Insurer Analysis Section; and (4) the Compliance Section.

### **Financial Surveillance Section**

The Financial Surveillance Section conducts ongoing analysis of mandatory financial filings by traditional domestic and foreign insurers. The Section's continuous insurer surveillance results in early detection of financial deficiencies and other operating difficulties which could potentially lead to insolvencies. Financial analysts utilize sophisticated analysis tools to extract and review financial data from NAIC databases. When an analyst detects financial deficiencies, they recommend appropriate corrective actions and assist Division management in its enforcement activities. The Division must report the most serious insurer financial conditions to other state insurance departments and the NAIC.

Financial Surveillance staff must also review traditional domestic and foreign insurer applications for new and amended certificates of authority and provide recommendations for approval on certain domestic insurer transactions.

### **Captive Insurer Analysis Section**

The Captive Insurer Analysis Section is responsible for the ongoing analysis of financial filings of domestic captive insurers. Responsibilities and procedures are similar to those of the Financial Surveillance Section and provide early detection of financial deficiencies and operating difficulties.

### **Examinations Section**

The Examinations Section is responsible for the performance of periodic on-site full-scope financial examinations of domestic traditional and captive insurers. The Examination Section also performs limited scope examinations when the Financial Surveillance Section identifies concerns regarding specific financial conditions or operations of an insurer. The purpose of an examination is to confirm the financial position of a licensed company and its compliance with statutory financial solvency requirements. The information obtained through the examination assists the Financial Surveillance Section and Division management in its ongoing oversight and enforcement responsibilities. The ADOI may initiate an examination any time a significant weakness or deficiency is identified. Arizona law requires the ADOI to conduct a financial examination of each domestic company at least once every five (5) years.

### **Compliance Section**

The Compliance Section is responsible for insurer licensing, statutory deposit administration, maintenance of public records, and general administrative support to the Division. The Section is also responsible for insurer customer support services, such as maintenance and dissemination of forms and processing of statutory filings.

The *Trust Deposits Unit* monitors and enforces compliance with trust deposit require-ments comprising a \$3.3 billion portfolio of securities held by the Arizona State Treasurer. The unit also monitors trust deposits held in other jurisdictions that the Division relies upon for an insurer's authority to transact insurance business in Arizona.

### Financial Affairs Highlights For Calendar Year 2011

# PROPERTY AND CASUALTY DIVISION

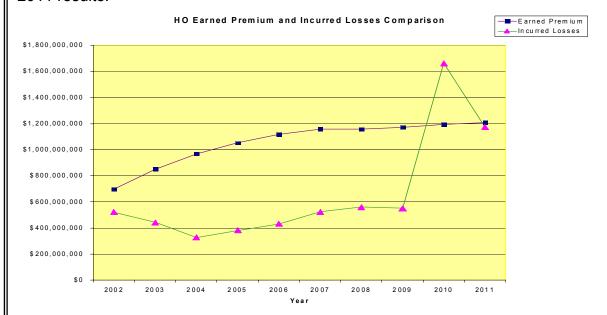

Dean Ehler......Assistant Director Jack Sneathen.....Analyst Supervisor

The Division reviews various property and casualty insurance policies, contracts and related forms to ensure that they comply with the law and are not ambiguous, misleading or deceptive. We also review certain property and casualty rate filings for compliance. The Division monitors the market for specific selected lines of insurance by reviewing material information and by conducting surveys of insurers. We compile surveys, analyze the responses, and evaluate the results to determine the level of competition and the health of the market. The Division is comprised of the Rates & Forms Section and the Registration Section.

### The Rates & Forms Section

This Section is primarily responsible for administering property and casualty insurance rate and form laws. Although all major lines of insurance are closely monitored in similar fashion, the following detailed information focuses on two lines of insurance with high public interest: homeowners ("HO") and private passenger automobile ("PPA").

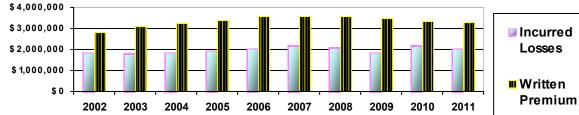

**Homeowners Insurance Market:** The following graph compares Arizona HO earned premium to incurred losses for the past ten years. The HO market remains profitable over the long term; however, hail storm losses impacted the 2010 and 2011 results.

- Competition is intense as 117 insurers wrote \$100,000 or more in premium in 2011.
- The 2011 market is concentrated in the Top 25, with a market share of 78.07%. The Top Five insurers control 44.86% of the market.
- Most insurers (97 out of 122) will maintain their current underwriting stance in 2012.
- The incurred loss ratio decreased (97.09%, 2011; 139.18%, 2010). Some of the hail storm losses that occurred in late 2010 were reported in 2011.
- Rates trended upward as the weighted average rate change was 5.96% in 2011.

**Private Passenger Automobile Insurance Market:** The following graph demonstrates the dollar amount of Arizona PPA premiums written and insurers' incurred losses since 2002. Written premiums and incurred losses decreased in 2011. This is the fourth decrease in PPA written premiums in the past 15 years.

# Arizona Private Passenger Automobile Liability and Physical Damage Written Premiums and Incurred Losses (000 Omitted)

- The market is highly competitive.
- The market is concentrated in the Top 25 insurers that have a 75.90% market share.
- The average policy premium in 2011 was \$1,101, up from \$1,081 in 2010.
- In 2011, only 19 insurers wrote more than 1% of the market.
- Accident frequency and severity decreased in 2011.

During Fiscal Year 2012, the Rates and Forms Section:

- Qualified 116 surplus line insurers to transact business in Arizona.
- Produced four major consumer-information publications: the annual Automobile Premium Comparison, the Homeowners' Premium Comparison, the Mobile Homeowners' Premium Comparison, and the Renters' Premium Comparison.
- Conducted surveys of insurers to monitor marketplace competition for the following lines or types of insurance: businessowners, homeowners, medical malpractice, nursing home liability, other liability, personal automobile, and surety.

### **Registration Section**

This Section is responsible for issuing permits to service companies that contract with consumers to repair appliances or the electrical, plumbing, heating, cooling or air conditioning systems of residential property and for approving motor vehicle service contract programs to include contracts sold by an automobile dealer to service vehicles. The Section also reviews applications and registers foreign Risk Retention Groups and Risk Purchasing Groups organized in accordance with the Federal Risk Retention Act and issues licenses to Rating Organizations and Rate Service Organizations. Due to staffing limitations, Rates and Forms Section personnel continue to assume the responsibilities of the Registration Section.

During Fiscal Year 2012, the Registration Section:

- Issued 16 new Service Company permits.
- Registered 29 new Risk Purchasing Groups, increasing the total number of active registered Risk Purchasing Groups to 450.
- Registered eight new Foreign Risk Retention Groups, bringing the total number of active registered Foreign Risk Retention Groups to 99.

### **Property and Casualty Highlights Fiscal Year 2012**

- ♦ Reviewed 545 rate filings and 3,991 form filings.
- ♦ Monitored marketplace competition by conducting and analyzing surveys for seven lines of insurance.
- Surpassed all goals related to form and rate filing review:
  - Within the prescribed substantive review period, reviewed 99.9% of forms received instead of the expected 95%.
  - Used 5 calendar days on average to review P&C products instead of the expected 20 days.
  - Within 90 days, reviewed 100% of targeted "use and file" rate filings instead of the expected 95%.
  - Reviewed 100% of "file and use" rate filings by the effective date of the filing, instead of the expected 95%.
  - Used 5 calendar days on average for the substantive review of "file and use" rate filings instead of the expected 15 days.
  - Received 98.8% of form filings electronically instead of the 83% expected.
  - Received 97.6% of rate filings electronically instead of the 80% expected.

# LIFE AND HEALTH DIVISION

Alexandra Shafer	Assistant Director
Linda Beguin, DDS	Dental Plan Managei
Ken Schwark	Managed Care Compliance Office
Margaret McClelland	Life & Health Manager
Erin Klug Health Care	Exchange Development Manager
Rebecca Donsky	Rate Review Manager

The Life and Health Division ensures that life and disability (a.k.a. health insurance) policies, contracts, advertising, and related forms comply with Arizona law, and that rates for certain categories of insurance are not excessive, inadequate, or unfairly discriminatory.

### **Health Care Reform Activities**

In fiscal year 2012, the Life & Health Division organized much of ADOI's participation in Arizona's implementation of federal health care reform. In September 2011, ADOI received a no-cost-extension to its 2010 \$500,000 federal grant to assess and improve the effectiveness of its rate review, to increase the transparency of rate regulation to consumers, and to pursue federal designation as an effective rate review state. ADOI also entered into an Inter-agency Service Agreement with the Governor's Office of Economic Recovery to assist the Governor's Arizona Health Insurance Exchange (HIX) for preliminary planning and design of an exchange so Arizona will be prepared whether the State chooses a state-based or Federally-facilitated exchange.

### Rates and Forms Review

In fiscal year 2012, the Division received 3,742 form, advertising and rate revision filings submitted by life and health insurers, health care services organizations (HMOs), non-profit service corporations and prepaid dental plans. This was an increase of 92 filings from the 3,650 filings received in FY 2011. These filings contained 24,728 forms and documents compared to 27,714 forms and documents in FY 2011. In FY 2012, the Division received permission to fill the Rates and Forms Supervisor position, which had been vacant since January 2008. The Division no longer receives on-going assistance from other ADOI divisions to complete the statutorily required review of filings, but several Division employees continue to carry out statutorily required functions in addition to their original responsibilities.

In FY 2012, insurers submitted 98.6% of filings electronically through the System for Electronic Rate and Form Filing (SERFF), the NAIC system used nationwide by insurance departments and insurers. Issuers submitted 100% of annuity filings and health insurance rate filings through SERFF and 97.9% of form filings through SERFF.

### **Health Care Insurance Oversight**

The Division continues its oversight of medical and dental service delivery by HMOs and prepaid dental plans, as well as administration of Arizona's provider timely pay and grievance law. Oversight activities include provider education, complaint resolution, corrective action enforcement, and compliance examinations in the areas of timely pay, HMO service delivery, and previous

examination orders. The Division also reviews statutory reports that insurers file semi-annually.

In FY 2012, the Division received and analyzed 2,217 copies of provider grievances (compared to 3,617 copies in FY 2011). These grievances reflected claims disputes worth \$6,194,279. Reviewing the copies of provider grievances helps the Division to target enforcement activities, as well as educate insurers and providers about common problem areas.

### Non-Insurer Licensing

The Division licenses third party administrators (TPAs) and utilization review agents (URAs). In FY 2011, the Division renewed 13 URA licenses, issued 30 new TPA licenses, renewed 261 TPA licenses, and collected \$75,820 in 2012 TPA annual filing fees.

### **Administrative Services**

The primary administrative function in the Division is the administrative completeness review of filings. Administrative staff are responsible for the following: public record requests; track filing status, filed rates, and rate revisions; and monitor annual insurer reports, such as HIPPA reports.

### **Life and Health Highlights**

### for Fiscal Year 2012

- Assisted the Governor's Office, stakeholders and other state agencies with consideration of federal health insurance reforms, including planning for the development of a Health Insurance Exchange in Arizona and development of a Request for Proposals for a HIX vendor.
- Received a one-year no-cost extension to ADOI's 2010 federal rate review grant to continue enhancing the effectiveness and transparency of its review of health insurance rate filings.
- Received an exception to the Governor's moratorium on rulemaking. Filed a notice of proposed rulemaking to provide for the ADOI to collect the documentation it needs to conduct federally approved review of individual health insurance rate increases.
- Conducted seven public meetings statewide to gather stakeholder comment on health insurance rate regulation.
- Timely reviewed 92% of all administratively complete form, rate and advertisng filings.
- Processed 25 requests for public records in an average of 3.75 days per request.

# INVESTIGATIONS DIVISION

The Investigations Division investigates potential violations of Arizona insurance laws and consists of the Fraud Unit and the Administrative Enforcement Section.

#### **FRAUD UNIT**

Created as part of the Department of Insurance in 1994 (A.R.S. § 20-466), the Fraud Unit strives to provide quality service and protection to Arizona consumers. The Fraud Unit deters, investigates and facilitates convictions for insurance fraud. The statutes require insurers to refer cases to the Fraud Unit when they suspect "...a fraudulent claim has been or is being made." These statutes also aid in monitoring insurer attempts to apply overly broad fraud deterrence measures that could adversely affect honest claimants.

The following table summarizes the **Fraud Unit's** performance measures for FY 2009 through FY 2012:

Reporting Categories	FY2009	FY2010	FY2011	FY2012
Total Fraud Referrals <sup>2</sup> Received	2,659	2496	2290	2370
a. Referrals for Information Only <sup>3</sup>	2,474	2407	2203	2245
b. Number of Cases Investigated	185	89	87	125
Cases Closed Without Referral for Prosecution	244	30	35	64
Cases Referred to Prosecutors	53	59	52	61
Indictments	44	15	65	38

Fines Resulting from Unit Operations	56,011	81,595	177,455	82,487
Amount Saved by Insurers	391,222	305,919	409,551	163,180

<sup>&</sup>lt;sup>1</sup> A.R.S. § 20-466(F)

<sup>&</sup>lt;sup>2</sup> The Fraud Unit receives referrals from insurers about claims that may be fraudulent and from reports by the public.

<sup>&</sup>lt;sup>3</sup> Some of these referrals are submitted for "information only" for which the insurer is not requesting that the referral be investigated. Data also includes referrals that are reviewed and found not to indicate a violation of Arizona law or do not meet our investigations guidelines at this time, due to limited resources.

In FY2012, the Fraud Unit received 2,370 referrals from insurers, but could only investigate 125 of those referrals. We currently have four full-time fraud investigators and one support employee; however, while referrals to the Fraud Unit continue to come in at a pace of approximately two hundred referrals a month, referrals continue to outpace the Division's current resources so we implemented stricter investigation guidelines to prioritize cases with the highest probability of successful resolution. The Unit hired one fraud investigator assigned to the Arizona Vehicle Theft Task Force to investigate owner give-ups of automobiles and funding for that investigator was shared by the Task Force.

### ADMINISTRATIVE ENFORCEMENT SECTION (AES)

The AES investigates allegations of unauthorized insurance activity and insurance code violations by insurers, agents and other professional service licensees. The AES refers apparent violations to the Arizona Attorney General's Office for appropriate enforcement action or, in some cases, enters into Consent Orders with respondents. AES shares investigative activity information with the Market Oversight Division to facilitate coordinated agency efforts.

In FY2012, AES opened 217 investigations, referred 16 cases for administrative action, obtained 14 license revocations, five license suspensions, and 11 cease and desist orders. AES investigations also lead to the imposition of \$36,350 in civil penalties, and collecting \$115,422 in restitution. The AES currently has 2 full time investigators and one part time investigator to investigate allegations against insurance agents and bail bond agents.

The following highlights successes of the **Administrative Enforcement Section**:

Reporting Categories	FY2010	FY2011	FY2012
Investigations Opened	133	160	217
Investigations Closed	168	155	180
Cases Referred for Administrative Action	19	10	16

Fines Resulting from Unit Operations	\$55750	\$12,600.	\$36,350

#### Maria G. Ailor......Market Analysis Supervisor Helene I. Tomme ..... Market Examinations Supervisor

# MARKET OVERSIGHT SECTION

To protect Arizona insurance consumers, the Market Oversight Section gathers and analyzes market information and examines regulated entities for possible violations of the insurance code. The Section uses a broad range of research, analysis and examination tools to evaluate insurer conduct in the marketplace and to determine the most efficient response to that conduct. We emphasize coordinating technology, interstate cooperation, and intra-agency communication to enhance the effectiveness of the Division's examination efforts. Market Oversight also assists the Department with various industry surveys or gathering data that is not readily available on various topics.

### **Market Analysis Unit**

The Market Analysis Unit performs analytical assessment of market information, including but not limited to, data collected from various reporting mechanisms, multiple NAIC tools, websites, and other regulatory sources. This analysis permits the Department to identify insurers with potential market conduct problems as early as possible and to take the appropriate regulatory intervention to eliminate or reduce harm to consumers. The Market Analysis Unit also helps prioritize and coordinate the various examination activities.

#### **Market Examinations Unit**

The Market Examinations Unit executes targeted, comprehensive and issuespecific examinations of insurers' practices based on research from the Market Analysis Section. Examinations determine insurer compliance with required filings and applicable law, including the Unfair Claims Settlement Practices Act. Examinations may result in the imposition of corrective action plans, restitution and/or civil penalties. The Unit also monitors compliance with

corrective action plans and follow-up examinations.

The Section cooperates and participates in multi-state examinations, which are both efficient and effective, and may result in the imposition of fines, corrective action plans and a process for re-adjudication of claims previously denied by a company.

### **Market Oversight Highlights**Fiscal Year 2012

- ◆ Initiated 16 market conduct examinations.
- Filed 12 market conduct examination reports.
- ◆ Assessed \$379,500 in civil penalties
- ◆ Recovered \$318,923 in restitution, including interest, for Arizona policyholders and claimants.

# ARIZONA INSURANCE GUARANTY FUNDS

The Arizona Insurance Guaranty Funds serve as a safety net to protect insurance consumers from financial loss in the event that an authorized insurance company becomes insolvent. There are two separate guaranty funds established within the ADOI. The Arizona Life and Disability Insurance Guaranty Fund (ALDIGF) covers life insurance, disability insurance (includes health insurance written on an indemnity basis and long term care), and annuities. The Arizona Property and Casualty Insurance Guaranty Fund (APCIGF) covers most traditional property and casualty lines. Each guaranty fund is comprised of the insurers authorized in Arizona to write the lines of business that guaranty fund covers. Each guaranty fund is overseen by a Board of Directors and ADOI staff administer the guaranty funds.

The Property and Casualty Guaranty Fund investigates, adjudicates and pays the claims of Arizona insureds and claimants and provides a defense to the insured where appropriate. The Life and Disability Guaranty Fund pays the claims of Arizona residents or provides for continued coverage under life, disability and annuity contracts. The coverage provided by each guaranty fund is subject to statutory limitations and exclusions. Each guaranty fund levies assessments on its member insurers to generate the necessary funds to meet its obligations. Upon paying a guaranty fund assessment, a member insurer receives a certificate of contribution, which entitles the insurer to a credit against its premium tax obligation to the State.

Since its inception in 1970, the Arizona Property and Casualty Insurance Guaranty Fund has paid out over \$132 million in claims. Since its creation in 1977, the Arizona Life and Disability Insurance Guaranty Fund has paid out approximately \$257 million in benefits to policyholders.

## **Guaranty Funds Highlights** for Fiscal Year 2012

- APCIGF was activated for American Sterling Insurance Company (CA)
- APCIGF and ALDIGF prevailed in litigation preventing the attempted sweep of \$30 million from the Guaranty Funds.

<sup>1</sup> This amount does not include defense costs and loss adjustment expenses incurred by the Guaranty Fund.

# RECEIVERSHIP DIVISION

The mission of the Receivership Division is to maximize the ability of insolvent insurance companies to pay valid creditor claims. The Division executes the Director's duties and powers as statutory Receiver of insolvent insurers and oversees their rehabilitation or liquidation, subject to court oversight. Special deputy receivers, attorneys, accountants and other professionals administer the day-to-day affairs of the insolvent insurers' estates, including collection and liquidation of assets and distribution of assets to claimants and creditors. In addition, the Division works closely with the Guaranty Funds to satisfy insolvent insurers' claim obligations to Arizonans and assists Arizonans affected by insurance receiverships domiciled in other states.

During FY 2012, the Division continued the administration of four domestic insurers in liquidation receivership and one foreign insurer in ancillary receivership: Premier Healthcare of Arizona, Inc., Transurance Risk Retention Group, Inc., Astraea Risk Retention Group, Inc., Thureus Insurance Group, Inc. and Reliance Insurance Company. In addition, the Division commenced the rehabilitation of PMI Mortgage Insurance Co., a mortgage guaranty insurer domiciled in Arizona.

## Receivership Highlights for Fiscal Year 2012

- ♦ On March 14, 2012, PMI Mortgage Insurance Co. was placed into rehabilitation receivership by the Arizona Superior Court and the Director of Insurance was appointed Receiver.
- The Receivership Division substantially completed the claim process for Transurance Risk Retention Group, Inc., and is preparing to close the estate.
- ◆ The Division is near completion of the proof of claim process for Astraea Risk Retention Group, Inc. and Thureus Insurance Group, Inc. Only 11 objections remain requiring Court adjudication.
- ♦ The Arizona Superior Court approved the closing of the Premier Healthcare of Arizona, Inc. estate on June 15, 2012.

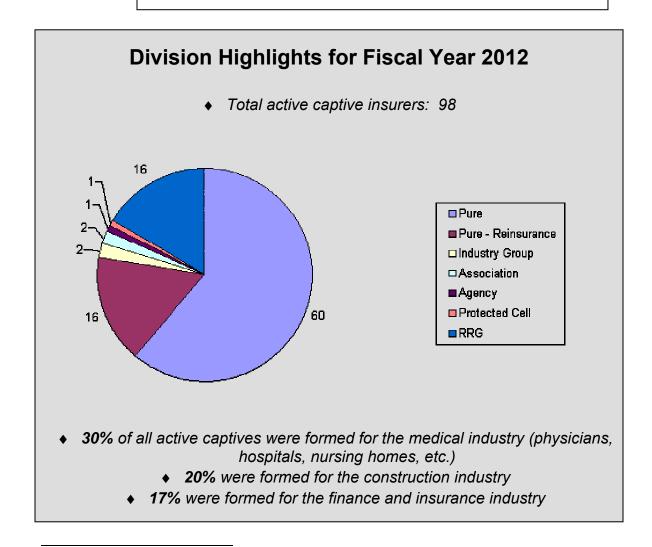

### **Captive Insurance Division**

The ADOI established the Captive Insurance Division in 2002 to provide an alternative mechanism to traditional insurance that enables companies to control and customize their costs and coverages in a manner that is more responsive to their financial objectives. The Division is responsible for the regulatory oversight of these captive entities, including all processes related to licensing, business plan changes, financial surveillance and examination. The ADOI is committed to its support of sound, well-managed captive insurers.

**CAPTIVE FEES** REPORT:1 Total fiscal year 2012 licensing fees collected: \$551,500

**Initial Licenses:** Renewals:

# PUBLIC INFORMATION RESOURCES

# **Internet Resources**

www.azinsurance.gov

The ADOI recently updated its website with a new look and layout. It is a primary means for the public and industry to obtain information about the ADOI's activities, reports, publications, new laws, etc.

An important service on our website allows visitors to "look up" any insurance company, producer and other licensees, to verify licensure and obtain basic financial and licensing data. The *Look Up* feature enhances the public's access to information about licensed insurance companies operating in Arizona. Before an insurance consumer opts to do to business with a particular agent or insurance company, they can verify on-line that they are licensed by the Department of Insurance. In addition, they can now view complaint data for insurers.

The ADOI has several webpage features to increase agency transparency, including a Public Records Request page, a Public Meeting Notice page, and a Regulatory Activity page which links visitors to our hearing calendar and a list of agency enforcement actions. One page details our continued administration of a grant received from the U.S. Department of Health and Human Services (HHS) to increase public awareness and transparency of ADOI's regulation of health insurance rates. There is a link for Health Care Reform information including timelines and resources, and also a link for Health Insurance Exchange (AZ-HIX) Planning. In addition, the ADOI continues to post all of its Regulatory Bulletins, including its annual summary of insurance related legislation.

The ADOI still offers free email subscriptions to various mailing lists. Subscribers can receive immediate copies of Department Press Releases and Regulatory Bulletins. This service allows us to communicate directly and promptly with our constituents.

# **Consumer Resources**

The ADOI's website layout still categorizes information by visitor and by type of insurance, but we've added a section entitled "I Want Information about..." to help visitors navigate according to their questions. We routinely add or update links to various external and internal resources, including a myriad of publications. We have educational literature on a wide range of insurance topics, such as auto and homeowner premium comparisons and complaint ratios, wildfire and flood information, guides to health insurance and the Health Care Appeals process, and title insurance resources.

Anyone wishing to file a complaint with the ADOI may print our complaint form (in English or Spanish) and then fax, mail, email or bring it to the ADOI. There is also a special email address visitors can use to submit questions or request literature.

# **Insurer and Producer Resources**

The Department's website offers current and prospective insurance professionals fast service, 24 hours a day, 7 days a week. Dozens of official department forms and instructions for financial filing and rate and form filings are posted. In addition, surveys and other reporting forms are available on-line for quicker access and completion. The ADOI also accepts tax reports and tax payments electronically from insurance companies through the **OPTins** system.

There is an extensive page dedicated to producer licensing containing license applications, forms, an up-to-date fee schedule, a summary of law changes, and "frequently asked questions". There is also continuing education information, including forms, approved courses and course providers.

Insurance producers will find the page dedicated to them is continually updated and expanded. *iPlus* is an on-line service that allows eligible resident and non-resident insurance professionals to quickly renew licenses, and update their address and telephone information: <u>iplus.azinsurance.gov</u>.

# **Consumer Publications**

The ADOI publishes numerous consumer literature resources, available on the ADOI's website at <a href="www.azinsurance.gov">www.azinsurance.gov</a> or by calling or visiting the ADOI. In addition, the ADOI distributes several key insurance-related publications from other federal and state regulatory agencies which can be obtained by calling (602) 364-2499 or (800) 325-2548.
